Cocktails

There are many debates as to when the first published use of the term “cock-tail” came about; the most popular reference being in The Balance and Columbian Repository in 1806. In the article it surmised that a cocktail was made from a recipe of spirits, bitters, sugar & water. In this sense, the drinks had moved on from the Punch dating back to 1500s and something more complex, interesting and damn right tasty.

The History of bar-tending, their use of spirits and how many of today’s loved cocktails have come about are fascinating. In this cocktail list we showcase a mix of classics and contemporaries, a much loved house specialty list that is forever evolving and that we hope do some justice to the craft that many bartenders have achieved before. If a cocktail is not listed, please chat with our friendly bar team or your lovely servers and we’ll be sure to whip you up a delightful libation.

Coravin – By the Glass

The CORAVIN™ Wine System gives us the freedom to pour and enjoy a glass of wine from any bottle at any time. By inserting a medical grade needle through the cork and injecting 99.9% pure argon gas, the bottle is pressurized and wine is being pushed out. When finished, the needle is pulled out and the cork reseals due to its elasticity, no air has gone into the bottle and the remaining wine can be preserved and continue to age.

Coravin™ also has developed their own screw caps, designed with a silicone membrane. The screw cap reseals itself after being accessed using a Coravin™ Wine System, just like a natural cork would. Below is our selection of wines we would like to showcase you with our Coravin™ system.
